# Confidentiality Agreements

---

- Limiting our focus to Phase I needs
    - Agreements in place for data exchange between Phase I utilities, including MISO, PJM, etc.
    - Discussions continuing to resolve:
      - Contractual definitions, third party recourse
-

# Confidentiality Agreements

---

- Need to identify which vendors will be participating in Phase I
    - CERTS needs to sign a NDA
  - For Phase I there will be no immediate agreements for Universities
-

# Question?

---

- What should the life of phasor data be?
    - Existing NERC NDA after eight (8) days the data could be in the public domain.
